Nationality: Joint British and Swedish

Date of birth: 20-03-1978

A highly versatile individual with experience of working within a wide range of sectors. A varied skill set gained from undertaking project proposal, research, data processing and analytical activities in order to facilitate the commercial operations of a large number of clients worldwide. Currently undertaking postgraduate studies with a view to pursuing a career in hydrographic survey.

Technical/Creative

- Currently pursuing FIG/IHO/ICA Category-A rating as part of postgraduate studies;
- Adept at generating technical reports and presentations for a highly qualified audience/readership:
 - *Experience of public speaking to large groups of industry professionals;*
 - *Undertook a series of in-depth studies on the industrial gas sector across a large number of markets around the world – providing clients with valuable guidance in formulating future business strategy;*
 - *As part of a broader consulting assignment, completed a ‘position paper’ evaluating competing LNG liquefaction alternatives for a client in South America – helping inform the ultimate choice of engineering solution;*
- Analytical experience:
 - *With Spiritus Consulting: regularly evaluated and analysed quantitative financial data from the industrial gas sector in order to quantify the performance of the industry as a whole;*
- Well versed in the use of MS Office applications and Adobe Photoshop. In addition, extensive working knowledge of hydrographic/survey software including ArcGIS, Surfer, SonarWiz, Fledermaus and QINSy.

Leadership skills

- Managerial experience:
 - *Previous role as Office Manager at Process Integration Ltd entailed wide range of administrative responsibilities, including finance & tax, HR, compliance with Health & Safety legislation, marketing, CRM, and board duties (attended all board meetings as secretary);*
- Well-versed in liaising with clients across all phases of a new or existing contract, including for project definition, project proposal, delivery of report and results, as well as post-project administrative tasks;
- Commanded and led a Swedish Army troop of up to 16 men – with vehicles – in often harsh climatic conditions: completed service with rank of 2nd Lieutenant.

Intellectual skills

- Academic qualifications in both the Sciences and the Arts;
- Languages: conversant in French, fluent in English and Swedish;
- Extensive personal and professional experience of numerous countries, cultures and peoples.

Endurance

- Undaunted by physically or mentally demanding tasks;
- Enjoy physically demanding sports such as sailing, surfing, skiing, and SCUBA diving (PADI Rescue Diver and Medic First Aid) in my free time.
